

10 OCTOBER 2026

E-POSTER PRESENTATIONS PROGRAMME

MARIA HELENA VIEIRA DA SILVA ROOM

E-Poster Presentations Session 1 08:30–10:30			
Each presentation: 4 min Discussion: 3 min Chairmen: Fernando Rotellar, Joao Bandovas			
Time	Presentation Type	Title	Presenting Author
08:30	E-Poster Presentation, including video	Pathogenesis-oriented Strategy To Improve Healing Of Hepaticojejunostomy	Farukh Makhmadov
08:37	E-Poster Presentation	Robotic Superior Mesenteric And Portal Vein Resections In Major Liver, Biliary, And Pancreatic Surgery	Jacopo Mascherini
08:44	E-Poster Presentation	1)Ex Vivo Resection For Otherwise Unresectable Intrahepatic Cholangiocarcinoma	Rita Frazao Lopes
08:53	E-Poster Presentation	Deep Learning Detection Of Liver Tumors In Intraoperative Ultrasound Videos For Surgical Navigation	Flavio Milana
09:00	E-Poster Presentation	Scaling Surgical Vision: Seven Editions Of A Master’s Programme In Intraoperative Hpb Ultrasound Across 89 Hospitals	Leyre Serrablo
09:07	E-Poster Presentation, including video	Source-directed Relaparoscopic Management Of Bile Leakage After Hepatobiliary Surgery	Farukh Makhmadov
09:14	E-Poster Presentation	When Biology Sets The Clock: A 24-month Disease-free Interval Stratifies Outcomes After Resection Of Non-colorectal Liver Metastases	José Lario

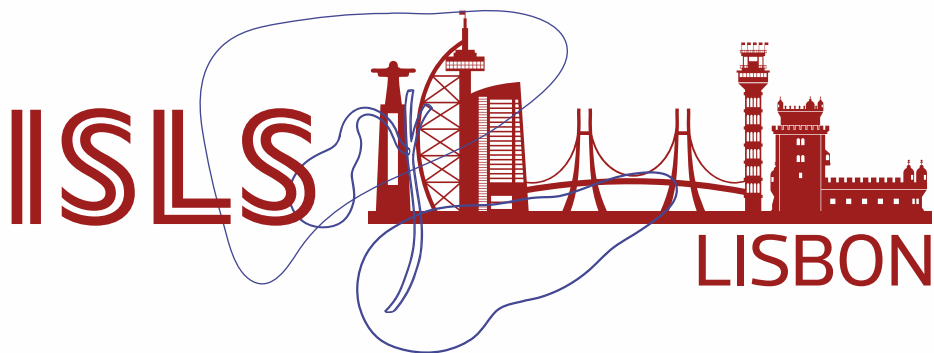

10 OCTOBER 2026

E-POSTER PRESENTATIONS PROGRAMME

MARIA HELENA VIEIRA DA SILVA ROOM

09:21	E-Poster Presentation	Liver Venous Deprivation Versus Portal Vein Embolization In Initially Unresectable Hepatocellular Carcinoma: A Randomized Controlled Trial	Yunshi Cai
09:28	E-Poster Presentation	Preoperative Transarterial Chemoembolization Before Resection For Hepatocellular Carcinoma: Survival Benefit And Patient Selection Based On Barcelona Clinic Liver Cancer Stage	YOON YOUNGIN
09:35	E-Poster Presentation, including video	Etiology-driven Endoscopic Strategies For Biliary Decompression In Obstructive Jaundice	Farukh Makhmadov
09:42	E-Poster Presentation, including video	Selective Non-operative Strategy For Postoperative Hemoperitoneum After Hepatobiliary Surgery	Farukh Makhmadov
09:49	E-Poster Presentation	An Institutional Overview: Adopting Robotic Living Donor Hepatectomy As Standard Approach For Living Donor Liver Transplantation	Charles Cash, MD
09:56	E-Poster Presentation	<u>Introduction And Challenges Of Robot-assisted Liver Resection At Our Institution</u>	<u>Kaichiro Kato</u>
10:03	E-Poster Presentation	First Fully Robotic Pediatric Simultaneous Liver And Kidney Transplant	Amy S Wang
10:10	E-Poster Presentation	Graft Complexity Does Not Affect Donor Morbidity Or Recipient Outcomes: Single-center Experience Of 128 Living Donor Hepatectomies	Amy S Wang
10:30–10:50	Coffee Break		

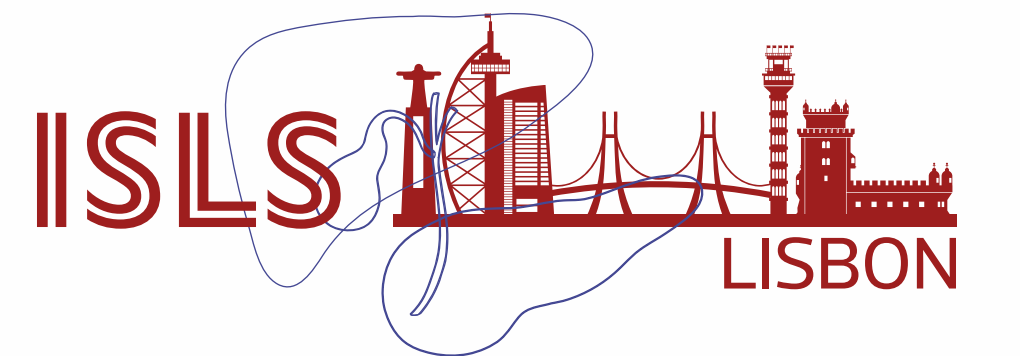

10 OCTOBER 2026

E-POSTER PRESENTATIONS PROGRAMME

MARIA HELENA VIEIRA DA SILVA ROOM

E-Poster Presentations Session 2 10:50–12:30			
Each presentation: 4 min Discussion: 3 min Chaimen: Stefano Di Sandro, Marieke de Boer			
Time	Presentation Type	Title	Presenting Author
10:50	E-Poster Presentation, including video	Donor Aging Promotes Peribiliary Gland Injury and Impaired Laminin Recovery After Rat Liver Transplantation	Kaoru Katano
10:57	E-Poster Presentation, including video	Stepwise Endoscopic Management Of Anastomotic Biliary Strictures After Living-donor Liver Transplantation	Farukh Makhmadov
11:04	E-Poster Presentation	Adult-to-adult Split Liver Transplantation: Long-term Outcomes Of A Single-center Experience	Cristiano Guidetti
11:11	E-Poster Presentation	Robotic Liver Transplantation In Recipients With Obesity	Jacopo Mascherini
11:18	E-Poster Presentation	Robotic Liver Transplantation Using Donation-after-circulatory-death Grafts	Jacopo Mascherini
11:25	E-Poster Presentation	Outcomes Of Liver Transplantation For Child-pugh Class B Hepatocellular Carcinoma At A Single Institution	Ryohei Takei
11:32	E-Poster Presentation	Long-term Patency After Extra-anatomical Portal Inflow Reconstruction In Living Donor Liver Transplantation For Extensive Portal Vein Thrombosis: Towards Anatomy-guided Selection	YOON YOUNGIN

10 OCTOBER 2026

E-POSTER PRESENTATIONS PROGRAMME

MARIA HELENA VIEIRA DA SILVA ROOM

11:39	E-Poster Presentation	Alpps In Pediatric Liver Tumors: Expanding Resectability In Patients With Insufficient Future Liver Remnant	Jiri Fronek
11:46	E-Poster Presentation	Rapid LDLT – Cirrhotic/Noncirrhotic, Adult/Pediatric: Single Centre Experience With 12 Cases	Jiri Fronek
11:53	E-Poster Presentation	Complex Liver Resection And Transplantation For Pediatric Liver Tumors: A Single-center Experience	Jiri Fronek
12:00	E-Poster Presentation, including video	Preliminary Results Preclinical Study Comparing Two Hemostats In Liver Surgery. Randomized Prospective Porcine Liver Model Under Impaired Physiological Haemostasis	Evaristo Varo-Perez
12:07	E-Poster Presentation	Liver Resection Or Systemic Treatment Continuation For Hepatocellular Carcinoma With Portal Vein Invasion Following Atezolizumab-bevacizumab Induction Therapy	Olivier Scatton
12:14	E-Poster Presentation	Conversion Surgery After Systemic Therapy For Hepatocellular Carcinoma With Macrovascular Invasion: A Systematic Review	Fuat Aksoy
